

By means of the license agreement on the assignment of the right of use of trademarks enterprise _ _ _ _____ offers legal entities and individuals to use as Licensees trademarks GRABOVOI® and GRIGORI GRABOVOI®. The aim of use of the signs is the eternal development of each concrete man and humanity as a whole; therefore the technologies, which will be distributed under **class 44**, are ideologically oriented to realization of the eternal development.

With the assignment of the right of use of trademarks the Licensee is provided with training course on the Teachings of Grigori Grabovoi that enables the Licensee to conduct his activity on the basis of technologies of the eternal development. Individual technologies for the Licensee can be created after signing of amendments to the license agreements.

The rights of the use of trademarks on the following goods and the services are granted:

Medical services; holistic medical services in the fields of naturopathy and alternative medicine; acupuncture services, bioresonance therapy; psycho-mental services to influence and create emotional balance; mental healing; meditative and non-meditative physical and mental exercises being a guide to accessing self-healing powers for therapeutic purposes; healing counselling, medical and psycho-mental life counselling; consultancy with regard to holistic medical matters.

Medical services, if these services include the services of orthodox medicine, which uses anthropogenic systems, then it is necessary to create in-patient departments, clinics, hospitals, polyclinics, which function at the usual level, at the level known and accepted by the Ministry of Public Health in Japan that is usual in Japan, and in addition systems of control in line with the Teachings of Grigori Grabovoi will be introduced.

Complex medical services in the area of naturopathy and nontraditional medicine; it is necessary to introduce realization taking into account exactly the elements of the eternal development, in other words, it is necessary to choose in the area of naturopathy those things, which contribute exactly to the eternal development, exactly the same aspects should be chosen in nontraditional medicine and based on the signs carry out only those things that are directed toward the eternal development. In other words not just treatment, but the treatment that includes the tasks of realization of resurrection and non-dying. First of all the task of non-dying.

The services of acupuncture; this includes everything that will be the same as the service of acupuncture, **psychotherapeutic services for influence and creation of emotional balance**, everything is directed toward the eternal development. For psychological services it is possible to use the book “Numerical Series of Psychological Normalization”, while, for example, for the medical services is the book - “Restoration of Human Organism by Concentration on Numbers”

and “Regeneration of Matter by Numerical Concentrations”. Psychotherapy will be practiced in accordance with the technologies, books, seminars.

Therapeutic consultations, medical and psychotherapeutic consultations in line with life situations; in this case this is creation of information center as it was mentioned in the class information related to the courses of correspondence education; it is described concretely there. This will more include consultations, which can be very short in line with the life situations.

Creation also, for example, of some cinemas, and people who come there might benefit even from the image in term of that that they will see how the seminars took place. When people see how the seminar is being conducted, for example, alongside with the translated texts, the received effect will be bigger, because according to some information, when people see, for example, it is easier; direct consultations from consultants will also contribute to this.

The consultation services that relate to general medical issues; this will include the categories of exactly general medical questions, however in this case consultation is directed toward explanation to man that this refers to the eternal development and eternal life in one and the same physical body. In other words, since eternal life is perceived as that, which is in one physical body, thus there should be quite different approaches to medicine in term of increased prevention of some problems, struggle with aging, with accidental situations, which can impede the life of man, and so on and so on.

The licensee with the use of class 44 of trademarks can also obtain rights of use of methods, devices and systems included in the patents for inventions “The Way of Prevention of Catastrophes and Device for its Realization” and “The System of Transfer of Information”.
